

# **BAND August Workshops**

*with Donna & Chris Compton*

## *Avoidance Plays*

**Tuesday, August 1st**

9:00am-9:30am ~ Registration, Pastries and Q&A with Donna & Chris

9:30am-12pm ~ Avoidance Plays!

All Levels of Players Welcome

Ever wonder which opponent is the dangerous hand? And when you figure out which it is...then can you figure out how to keep them off lead? Whether it is winners ready to run, giving partner ruffs, or leading through a lone honor, this workshop will get you thinking about keeping that opponent off lead. Strip-endplays will be just one tool explored along the way. Hearing Donna and Chris' thought processes in applying avoidance plays is invaluable in determining whether there is a danger hand, which opponent is the danger hand and how to go about avoiding that hand.

*We will play hands throughout the morning to reinforce the new concepts.*

**13 Page Lesson Bundle Included.**

## *Using Dummy on Defense*

**Thursday, August 3rd**

9:00am-9:30am ~ Registration, Pastries and Q&A with Donna & Chris

9:30am-12pm ~ Using Dummy on Defense!

All Levels of Players Welcome

There are two types of defenses ~ Passive and Aggressive ~ and the dummy tells you which one to use. To this end, there are three types of dummies: 1) Long Suit Dummy, 2) Short Suit Dummy, and 3) Balanced Dummy. Donna and Chris will walk you through these three types of dummies and share with you their thoughts on which defense is best for each one. In other words, listen to the dummy and you will be on your way to taking more tricks on defense!

*We will play hands throughout the morning to reinforce the new concepts.*

**13 Page Lesson Bundle Included.**

**Afternoon Duplicate Included with Workshop. See backside for prices and registration.**
