4NT Means What When?

The bid of 4NT has so many meanings and we are going to review all of them. We will also take a look at when to consider asking for aces, the reasons not to ask for aces. As responder, we will explore the responses when holding a void. We will also look at when to sign off, when to bid six, when to ask for kings and when to consider bidding the grand! Whether you play Roman Keycard or not, this workshop is for you! **June 4th**

Slam Cuebids

One of the flaws to bidding blackwood is when you have a sorry side suit. Slam cuebidding helps to solve this flaw and determines whether or not you may ask for aces. Slam cuebidding also solves other flaws in bidding Blackwood. We will take a look those along with American Cuebids and Italian Cuebids. Slam cuebidding is used with all types of aces asking bids so join Donna on this exploration of solving the aces asking problems. **June 11th**
